

On top of the world

Introducing Tree Tops Houghton - luxury apartments inspired by the world's largest urban forest

Joburg's tree-filled skyline is set to change forever with an exciting new addition. A masterpiece of design, architecture and lifestyle, Tree Tops will further enhance Houghton's reputation as one of Gauteng's most prestigious locations.

Tree Tops will feature exquisite apartments that range from 55m² one-bedroom residences right up to the flagship 236m² three-bedroom penthouse. Each apartment will feature imported tiles, Hansgrohe fittings, and Siemens appliances. With prices ranging from R1,65m to R9m, every detail of the design has been fastidiously laboured over to ensure that each Tree Tops residence provides an unmatched premium urban-living experience.

Combining striking spaces with first-class amenities, Tree Tops will deliver unrivalled living at one of Gauteng's most exclusive addresses. In addition to the top-quality amenities already available in the Rosebank precinct, Tree Tops' residents will also have

exclusive access to a range of premier comforts right on their doorstep. The clubhouse at Tree Tops will feature a host of amenities, including a gym, skydeck entertainment area, lap pool, and fire-lapa area.

Sitting on an elevation that overlooks the lush canopy of Joburg, Tree Tops provides a haven from urban life while remaining a mere 10-minute walk away from Rosebank's collection of trendy restaurants, boutique stores and entertainment offerings. Bridging the excitement of Rosebank with the peaceful tranquillity of Houghton, Tree Tops ultimately offers a premium living experience in the heart of Joburg's most vibrant district.

Developed by Tricol, a South African based property development company that operates both locally and internationally, and designed by one of the country's leading architectural firms, dhk Architects, the vision of Tree Tops was brought to life.
